

KJH Funds Benchmark Index Disclosure

The reference benchmark for a KJH Fund provides a performance target against which the Fund's performance is measured over a period of time. The Fund Manager chooses a benchmark, or a blended set of benchmarks, relevant to the investment objective and strategy of the respective Fund. As many Funds employ a currency hedging strategy, benchmark indices are not converted into the same reporting currency as the Fund.

Fund Name	Benchmark Index	Weight	Description
KJH Fixed Income Fund	S&P Canada Treasury Bill Index Total Return	100%	The S&P Canada Treasury Bill Index is a market-value weighted index that tracks the performance of Canadian dollar-denominated Canada Treasury Bills publicly issued in the domestic market.
